Salt Lake City, UT • 385-371-8083 • jeffrey.w.shorthill@gmail.com • github.com/jeffreywilliamportfolio

Summary

AI product engineer who ships complete consumer systems solo: a live dual-store mobile app plus six deployed AI tools (realtime voice, SMS agents, generative media pipelines, analytics), all built end to end — mobile, web, backends, infra, store operations. Progressive Insurance's first AI Prompt Engineer. Also runs a published independent AI-interpretability research program (seven Zenodo-archived preprints), so evaluation rigor comes built in.

Shipped Products (sole engineer unless noted)

- **Gift Connect Parenting Suite** — consumer mobile app, **live on the App Store and Google Play** (App Store id 6741826572, v2.2+). Expo/React Native (React 19, New Architecture), TypeScript, MobX-State-Tree, Firebase auth/analytics/crashlytics behind a GDPR-style consent gate, Apple + Google sign-in, EAS build/submit, account deletion, privacy labels. Daily-habit curriculum, journal, tips with push actions, embedded dashboards.
- **Sammie** — **realtime voice assistant** (voiceassistant.gift-connect.org) — OpenAI Realtime API voice agent (WebRTC) with a registered tool suite (meal planning, story/song creation, health milestones, product recalls, SNAP lookup); Postgres-backed durable email-delivery queue with lease-based concurrency; React 19 + Express on Vercel.
- **Geno** — **song generator** — Flask + Celery/Redis async pipeline: LLM lyrics → Mureka music generation → cover art → PDF → S3; Heroku production since Dec 2024 (137 commits).
- **Story Generator** — Next.js 15 + Vercel AI SDK; Flux Kontext illustration pipeline (webhooks + polling), Vercel Blob mirroring, PDF export.
- **Text Parent Assistant** — Twilio SMS agent (OpenAI Agents SDK) with CDC developmental-milestone and growth-percentile tools; Vercel Functions.
- **Analytics & Cohort platform** — GA4 Data API dashboard (draggable widgets, visx maps) reading live engagement events; cohort portal on Next.js + Auth.js + Drizzle/Neon with forums, forms, and email digests.
- **RightOff receipt scanner** — native iOS (Swift 6/SwiftUI/SwiftData), on-device Vision OCR with a Cloudflare Worker key proxy, StoreKit 2 subscriptions, Fastlane to TestFlight.
- **MindVolume** — macOS SwiftUI + MetalKit app rendering a language model's internals (Jacobian-lens captures) as an explorable 3D particle field.

Research (independent, published)

Seven Zenodo-DOI'd preprints on MoE interpretability, evaluation contamination, and safety behavior, with preregistered protocols and public artifacts — including a cross-generation routing study (10.5281/zenodo.21892999) and a published self-refutation of a measurement confound (10.5281/zenodo.20779602). Full list: github.com/jeffreywilliamportfolio.

Experience

Elevated Consultants LLC — Owner / Principal	Feb 2024 – present
<i>All products above built and operated under contract for Gift Connect and clients</i>	<i>Salt Lake City, UT</i>
Progressive Insurance — AI Prompt Engineer (2023; the company's first)	2018 – Dec 2023
<i>Prior role: Customer Service Downtime Specialist (2018–2022). Proposed AI initiatives to executives after GPT-4; role created in response; set prompting standards, taught internal AI sessions.</i>	
Webster Public Relations — Studio Manager, A/V Technical Specialist	2014 – 2018
<i>Press-focused audio/video production</i>	<i>Nashville, TN</i>

Education & Skills

Full Sail University — A.S., Recording Engineering (2014) • **York County CC** — General Studies, Dean's List

Mobile: React Native/Expo, Swift/SwiftUI, StoreKit 2, App Store + Play operations • **Web:** TypeScript, React 19, Next.js, Node/Express, Flask, Tailwind • **AI:** OpenAI (Realtime, Agents SDK), Anthropic, tool-using agents, voice (WebRTC/TTS/STT), RAG • **Infra:** Vercel, Heroku, Firebase, Postgres, Redis/Celery, Cloudflare Workers, GPU cloud (Vast.ai)
